**MEERUT HIGHWAY, 2018**

**VARANSI RAILWAY STATION, 2013**

The image captures the interior of the Varanasi Railway Station in 2018. The architecture is modern, featuring a high ceiling with a series of parallel, curved wooden slats. The space is supported by large, dark brown columns. A prominent feature is a large, illuminated mural on the back wall, depicting a figure with a halo and a sunburst, set against a dark background with stars. The floor is polished and reflects the overhead lights. People are seen walking and sitting on benches, indicating a busy station environment. A yellow banner at the bottom of the image contains the text "VARANSI RAILWAY STATION, 2018".
