## Prompt:

This document is request for proposal <https://www.oecd.org/callsfortenders/MC%20Regulatory%20Policy%20Croatia.pdf> .

Please write a document of maximum 2 pages describing the Contractor's understanding of the project outputs and how the applicant plans to complete the tasks and deliverables described in this Tender Process (i.e., implementation methodology).

The document will also list 2-3 examples of projects demonstrating the applicant's ability to carry out similar tasks to those requested in this Tender Process.

As a potential contractor for the Regulatory Policy project in Croatia, our team has a clear understanding of the project outputs and deliverables described in the Tender Process. Our approach to completing the tasks and delivering the required outputs is based on the following implementation methodology:

1. Analysis and research: Our team will conduct a thorough analysis of the current regulatory policy framework in Croatia, with a focus on identifying gaps, weaknesses, and areas for improvement. We will also conduct research on international best practices in regulatory policy, and identify relevant case studies and examples from other countries.
2. Stakeholder engagement: We will engage with a broad range of stakeholders, including government officials, regulators, industry associations, and civil society organizations, to gather input and insights on the regulatory policy framework in Croatia. We will also organize workshops and consultations to facilitate dialogue and collaboration among stakeholders.
3. Development of recommendations: Based on our analysis and research, as well as input from stakeholders, we will develop a set of actionable recommendations for improving the regulatory policy framework in Croatia. Our recommendations will be evidence-based and tailored to the specific needs and context of Croatia.
4. Implementation support: We will provide support and guidance to the government of Croatia in implementing the recommended changes to the regulatory policy framework. This may include providing technical assistance, developing guidelines and toolkits, and organizing capacity-building activities for government officials and other stakeholders.

Our team has extensive experience carrying out similar tasks to those requested in this Tender Process. Here are two examples of projects that demonstrate our ability to deliver high-quality work in this area:

THIS AGREEMENT made this \_\_\_\_\_ Day of \_\_\_\_\_, by and between \_\_\_\_\_ herein called "Landlord," and \_\_\_\_\_ and \_\_\_\_\_ herein called "Tenant." Landlord hereby agrees to rent to Tenant the dwelling located at \_\_\_\_\_ under the following terms and conditions.

**1. FIXED-TERM AGREEMENT (LEASE):**  
Tenant agrees to lease this dwelling for a fixed term of \_\_\_\_\_ beginning \_\_\_\_\_ and ending \_\_\_\_\_. Upon expiration, this Agreement shall become a month-to-month agreement AUTOMATICALLY, UNLESS either Tenant or Owners notify the other party in writing at least 30 days prior to expiration that they do not wish this Agreement to continue on any basis.

**2. RENT:**  
Tenant agrees to pay Landlord as base rent the sum of \$ \_\_\_\_\_ per month, due and payable monthly in advance on the 1<sup>st</sup> day of each month during the term of this agreement. The first month's rent is required to be submitted on or before move-in.

**3. FORM OF PAYMENT:**  
Tenant agrees to pay their rent in the form of a personal check, a cashier's check, or a money order made out to the Landlord.

**4. RENT PAYMENT PROCEDURE:**  
Tenant agrees to pay their rent by mail addressed to the Landlord (replace this with landlord's mailing address) \_\_\_\_\_ or in person at the same address, or in such other way as the Landlord will advise the Tenant in writing.

**5. RENT DUE DATE:**  
Tenant hereby acknowledges that late payment will cause Landlord to incur costs not contemplated by this Rental Agreement. We allow for a 3 day grace period. In the event rent is not received prior to the 4<sup>th</sup> of the month, Tenant agrees to pay a \$25 late fee, plus an additional \$5 per day for every day thereafter until the rent is paid. Neither ill health, loss of job, financial emergency, or other excuses will be accepted for late payment.

**6. BAD-CHECK SERVICING CHARGE:**  
In the event Tenant's check is dishonored and returned unpaid for any reason to Landlord, Tenant agrees to pay a returned check charge of \$25 AND accept whatever consequences there might be in making a late payment. If for any reason a check is returned or dishonored, all future rent payments will be cash or money order.

**7. SECURITY DEPOSIT:**  
Tenant hereby agrees to pay a security deposit of \$ \_\_\_\_\_ to be refunded upon vacating, returning the keys to the Landlord and termination of this contract according to other terms herein agreed. This deposit will be held to cover any possible damage to the property. No interest will be paid on this money and in no case will it be applied to back or future rent. It will be held intact by Landlord until at least thirty (30) working days after Tenant has vacated the property. At that time Landlord will inspect the premises thoroughly and assess any damages and/or needed repairs. This deposit money minus any necessary charges for missing/died light bulbs, repairs, cleaning, etc., will then be returned to Tenant with a written explanation of deductions, within 60 days after they have vacated the property.

**8. CLEANING FEE**  
Tenant hereby agrees to accept property in its present state of cleanliness. They agree to return the property in the same condition or pay a \$200.00 minimum cleaning fee if the Landlord has to have the property professionally cleaned.

## ChatGPT 5.0

GPT-5 je sljedeći model koji OpenAI planira objaviti nakon GPT-4.

1. Datum izdanja GPT-5 još nije potvrđen.
2. Moguće je da će se prije GPT-5 pojaviti GPT-4.5, koji bi trebao donijeti mogućnosti obrade slika i teksta.
3. OpenAI trenutno ima izazove s modelom GPT-4, poput visokog vremena inferencije i visokih troškova rada. GPT-5 bi trebao riješiti ove probleme.
4. GPT-5 bi trebao smanjiti "halucinacije" (netočne ili izmišljene odgovore) na manje od 10%, čime bi se povećalo povjerenje u model.
5. Budući da veći dio prihoda OpenAI dolazi od poduzeća, očekuje se da će GPT-5 biti jeftiniji i brži, poboljšavajući probleme viđene s GPT-4.
6. Generalni direktor OpenAI-ja potvrđuje da tvrtka ne obučava GPT-5 i 'neće još neko vrijeme'
